Letter from the President

Hannah-Camille Rowe
Senior, Electrical Engineering

Dear Prospective Corporate Partner:

On behalf of the University of South Florida chapter of the National Society of Black Engineers (USF NSBE), thank you for your interest in partnering with our organization. We are proud to present our 2026-2027 Corporate Sponsorship Program and invite you to join us in our mission to cultivate strong-minded and passionate young leaders who are ready to impact the world of engineering and technology.

NSBE, first founded in 1975 at Purdue University, is a student-led nonprofit organization that aims to inspire and empower students in STEM. As one of the largest and most active engineering organizations on USF's campus, we pride ourselves on our passion for academic excellence, professional development, and helping Tampa Bay and the wider community.

A partnership with USF NSBE gives your company access to diverse, motivated talent while also increasing your visibility within the USF and Tampa Bay communities. Sponsors benefit from recruitment opportunities, networking events, brand exposure, and the chance to support meaningful student success.

The success of our chapter is made possible through the investment and support of organizations that share our commitment to innovation, leadership, and opportunity. With your support, we hope to transform USF NSBE from being executive led to member managed, increasing leadership opportunities, building skills through technical office hours, and providing guidance through a newly implemented mentorship program.

We invite you to review this sponsorship packet and explore the many ways your company can engage with our members and contribute to our mission. Please do not hesitate to contact me at (954)-536-3030 or president.usf.nsbe@gmail.com if you have any questions or concerns regarding the contents of this sponsorship packet. Thank you for your consideration, and we look forward to the opportunity to build a meaningful partnership.

Kind regards,
Hannah-Camille Rowe
2026-2027 USF NSBE President

Our Mission

THE MISSION OF THE NATIONAL SOCIETY OF BLACK ENGINEERS ENCOMPASSES THREE PILLARS:

Academic Excellence

Empowering students to excel in STEM through mentorship, academic support, and collaborative learning. Our members are developing the skills and leadership to drive innovation in Tampa and beyond.

Professional Development

Preparing members to transition from the classroom to the workforce through networking, workshops, and corporate engagement. Sponsors gain access to a pipeline of ambitious, career-ready engineering talent.

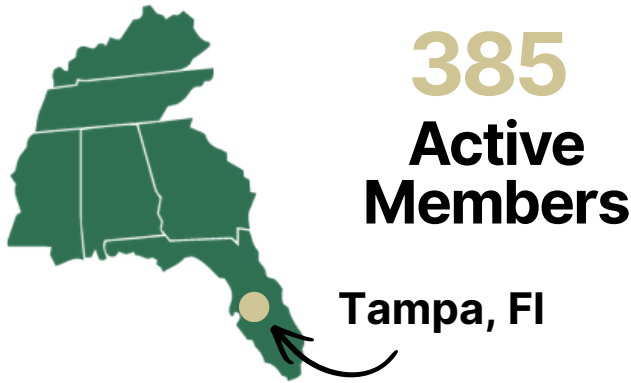

Community Impact

Inspiring future generations through STEM outreach, mentorship, and service initiatives that impact the Tampa Bay community. Partnering with NSBE helps expand opportunity in engineering and technology.

Who We Are

NSBE is one of the fastest-growing engineering organizations at USF, developing technical leaders through academic excellence, innovation, and community engagement.

Champions

NSBE Region 3 Competition

1st Place - 2024

2nd Place - 2025

Academic Study Halls

Monthly mentorship and collaborative study sessions that support student success and retention in engineering.

Professional Development

USF NSBE empowers professional and academic growth in our members through 20+ events annually focused on industry engagement, technical skill development, leadership opportunities, and direct access to corporate partners.

Corporate Office Tours

Through exclusive visits to company headquarters and facilities, members gain firsthand insight into workplace culture, operations, and early career pathways.

Industry Partner Spotlights

Industry leaders, such as Honeywell, Jabil, and Accenture, host private sessions with our members, sharing career insights and recruiting talent from our chapter.

Alumni & Industry Career Panels

We organize student-led panels where members hear real advice from NSBE alumni and upperclassmen on internships, and planning for/navigating life after college.

Conference Preparation Series

In the lead-up to FRC and the National Convention, we support members with targeted prep: resumes, attire tips, networking strategy, and goal-setting.

Technical Skill-Building Sessions

We offer hands-on training in software, technical problem solving, and project development to give members a competitive edge.

Career Readiness Workshops

We host peer-reviewed and recruiter-led sessions to help students craft strong, professional resumes, standout digital profiles, and note-worthy interview skills.

Conferences

USF NSBE participates in two annual conferences:

National Conference

SPRING SEMESTER

Our largest gathering, drawing 10,000+ Black engineers, students, and professionals across the country. USF NSBE sends a delegation to attend professional development workshops, leadership events, & one of the largest engineering career fairs in the nation.

Community Impact

USF NSBE is committed to inspiring the next generation of STEM leaders through outreach, mentorship, and educational programming throughout the Tampa Bay community.

A Walk for Education

We raised money and distributed over 50 SAT prep books to students in underserved communities, while educating families on college pathways and career readiness.

50+ SAT Prep Books raised

5+ Tampa High-Schools supported

NSBE Jr. Chapter

Established the Chapter's First Ever NSBE Junior chapter linking our chapter with Carter G Woodson PK-8. We have had the opportunity to host STEM days displaying projects we have worked on while also igniting younger students' passion for STEM.

25+ Future NSBE engineers inspired

Stem Elective Class

Our members lead engaging bi-weekly STEM sessions for at Lomax Elementary School where we introduce foundational engineering concepts, like robotics and coding, through fun, interactive lessons and activities.

15+ Classes taught

Community Impact

Sheehy Elementary 5th Grade STEM Day

Our chapter engaged all 5th grade students in creative, hands-on activities, making science accessible, fun, and memorable.

Annual 5K Community Run

Our annual 5K united students, alumni, and locals to promote wellness and raise funds for STEM outreach programs.

USF Engineering Expo

We hosted immersive activities like oobleck mixtures, baking soda volcanoes, and liquid sand exhibit to excite K-12 visitors about STEM at USF's largest outreach event.

Sunset Beach Clean-Up

Our chapter rolled up our sleeves for a coastal cleanup at Sunset Beach, demonstrating our commitment to environmental stewardship and public service.

Volunteer Day with Metropolitan Ministries

USF NSBE members volunteered with Metropolitan Ministries where we served meals, sorted through clothing donations, and brought care to families in need.

Dia de Ciencias with SHPE

Collaborating with the Society of Hispanic Professional Engineers, we showcased our liquid sand exhibit inspiring bilingual STEM exploration and cross-cultural learning.

2026 - 2027 Strategic Vision

Through strategic partnerships with industry leaders, USF NSBE aims to expand opportunities for our members while creating meaningful engagement pathways for corporate sponsors.

MEMBER INVOLVEMENT

We plan to launch a chapter-wide mentorship program and increase active member participation by 25% through expanded leadership opportunities and engagement initiatives.

TECHNICAL DEVELOPMENT

Introduce hands-on design challenges, and industry-led workshops to strengthen practical engineering skills. This year's projects span a range of disciplines, such as robotics, aviation, and artificial intelligence.

ALUMNI AND FACULTY ENGAGEMENT

Establish a sustainable alumni and faculty network through bi-semesterly newsletters, tailored mentorship opportunities, and collaborative programming.

Chapter Leadership

Our executive board leads the strategic growth of USF NSBE, delivering programs, cultivating industry partnerships, and creating opportunities that prepare the next generation of engineering and technology leaders. Partner with our team to engage directly with one of USF's largest STEM organizations.
